End your day with positive, positive thinking

Realizing each day is a blessing

Enjoy every day just as it is,

For tomorrow is not promised.

You must have positive thinking,

Not negative thinking,

Be a help not a hindrance,

Help a friend solve a problem.

A hindrance,

You wanna know I mean when I say don't be a hindrance?

Don't be a problem to someone
And get in the way of them,
Having a good day, okay?

Repeat Chorus

You've got to...

Chant

Positive thinking,
You've got to wake up with positive thinking (positive thinking)
Wake up with positive thinking
You must practice positive thinking
